

HTFG Playground Selection

1. The Hershey Company will randomly select a state that collectively increased local meet participation by 10% in the 2011 season.
2. Local hosts from this state who increased participation by 10% or hosted a meet for the first time, will be asked to “opt-in” to the drawing to be considered for the HTFG playground (e.g. able/willing to accept a playground).
3. From this list, the State Chair will randomly select and award this community with a HTFG playground.
