

City of Austin Parks & Recreation Mechanic

If you are someone who thrives on ensuring that equipment is running smoothly and is in top-notch condition, then the City of Austin is the perfect place for you! We are looking for a skilled small engine mechanic to join our department. As a small engine mechanic, the position is responsible for repairing and maintaining a variety of equipment including diesel engines, mowers, trimmers along with other larger equipment.

Our ideal candidate will have three years' experience in the field and be able to work independently to troubleshoot, develop and carry out preventive maintenance schedules. We need someone who has a knack for diagnosing and fixing mechanical issues and can bring a wide-range of skills to the department. We are looking for someone who is a team player and can work well under pressure. Embark on a rewarding journey with the City of Austin, where your skills will play a vital role in our park's operations.

Position requires a Mn DOT Inspection Certificate, or ability to obtain along with the ability to supply your own tools and tool chest, except specialty tools and diagnostic equipment. Although a Class A CDL is necessary for the position, candidates without this, who have the necessary knowledge and experience may also be considered and are encouraged to apply.

If you have a skill and passion for repairing and maintaining a wide range of small equipment, then this is the perfect opportunity for you; apply today and become part of our department.

A City of Austin application and supplemental questionnaire are required. Position will remain open until filled, with ongoing review of applications, don't miss out, apply now for early consideration!

Wage range is \$29.23 – \$41.75/hr. non-exempt; dependent upon qualifications. Application materials and additional information available on the City's website at <https://www.ci.austin.mn.us/parks-department-mechanic>; or at City Hall, 500 4th Avenue NE, Austin, MN.
