

2023

MINNESOTA BEST

best programs

best facilities

best events

MINNESOTA BEST is your opportunity to showcase your best parks and recreation facilities, programs, and events! We encourage all cities to submit as many entries as they'd like. Facilities, events, park features, and programs from any year are welcome to be included. The compiled information will be a valuable resource for Parks and Recreation Departments across the state to create new and engaging programs for our communities. All submissions will be compiled into a digital booklet and shared with the MRPA membership in early 2024. Please submit entries at the link below by January 15 or via email: jess.skalicky@burnsvillemn.gov
